Classes Until National Evolution

Order

Order is the life of your nation. If you run out of Order, then your reign is over.

Economy

Your Economy score displays the strength of your country's economy. Each round you can spend up to 10% of your Economy score to upgrade your country. These points are your GDP.

Technology

Each round, you roll a 100-sided dice. If you roll below your Technology score, you gain double the number of GDP points for that round.

Upgrade Costs

_____ Order
_____ Economy
_____ Military
_____ Diplomacy
_____ Technology

Ideology

Advantages/Disadvantages

Military

You compare your Military scores when you engage in armed conflicts with other nations. The higher the score, the more likely you will succeed.

Diplomacy

You compare your Diplomacy scores when you engage in negotiations with other nations. The higher the score, the more likely you will succeed.
